

Emerging Leaders *OnBoard!* Project

Board Profile

Musical Theatre Productions (formerly London Musical Theatre) is a registered charity with a current Board of thirteen. The Board is operational in nature while overseeing and supporting the production of two large musicals each year and simultaneously looks to expand its technical competencies and governance capacity.

Founded in 1988, MTP has a proud history of having brought dozens of quality musicals to life as part of London's arts scene.

What we do

Musical Theatre Productions is the only community theatre group in London bringing large scale Broadway musicals and Gilbert and Sullivan shows to the London stage. Shows are large cast and use live orchestra.
Our mission: Create opportunities for Londoners to participate in all aspects of musical theatre, from being in the cast, to backstage and technical wizardry, to producing and directing and finally, to sitting back and enjoying the magic of musical theatre right here in London.

MTP is community theatre for Londoners, by Londoners.

Board representation

The Board comprises community members from a variety of backgrounds and experiences. No specific sector or community representation is required. Like the theatre, MTP welcomes a wide diversity of people, skills and interests.

Time Commitment

The Board meets monthly. Board members are also expected to take on responsibilities within one or more sub-committees such as publicity, volunteer recognition, production liaison, box office management, etc in support of two annual musical productions.

Core Competencies/Requisite Experience

MTP is open to all interested parties with a passion for making London a better place through theatre. Currently, MTP's focus for improvement lies within the areas of:
